Kantonalno takmičenje za učenike osnovnih škola iz Engleskog jezika

Tuzla, 13. 4. 2022. god.

O ŠKOLI DOMAĆINU...

Stirling Education je privatna odgojno-obrazovna institucija koja ima za cilj pružanje podrške vaspitno-obrazovnom sistemu Bosne i Hercegovine. Naše škole omogućuju učenicima boravak u zajednici koja ih razumije i daje im priliku za kvalitetno obrazovanje. Učenicima se pružaju znanja i vještine koja će im pomoći u daljem akademskom životu.

Misija Stirling Education obrazovnih institucija je priprema učenika za kvalitetno obrazovanje u sigurnoj, brižnoj i saradničkoj atmosferi. To je moguće postići samo kroz kvalitetan nastavni plan, sa snažnim naglaskom na prirodnim naukama (matematički, fizici, informatici, biologiji i hemiji).

U Stirling Education školama nastava se izvodi po nastavnim planovima i programima odobrenim od kantonalnih ministarstava nauke i obrazovanja. Nastavni je proces obogaćen, proširen i odvija se uglavnom na engleskom jeziku.

Posebna se pažnja posvećuje individualnim potrebama učenika. Obrazovanje, praktične vještine i jezik vrednuju se kao integralni dijelovi nastavnog plana i programa.

Nastavni plan i program je dizajniran na način da stimulira intelektualnu znatiželju i razvija vještina kritičkog razmišljanja kod učenika. Cilj naših škola je pružanje znanja koje će omogućiti učenicima da se uključe u dalje tokove obrazovanja.

Nastojimo da učenici kroz obrazovanje steknu znanja koja će im omogućiti lakši pronalazak posla i uspješne karijere u svim sferama društva. To će im pomoći da postanu produktivni i odgovorni građani, pa čak i nobelovci.

Škole po evropskim standardima

Obrazovno-odgojni proces se realizira na engleskom jeziku, u moderno opremljenim učionicama, laboratorijima i kabinetima, u skladu s najnovijim evropskim i svjetskim standardima. Škola uključuje cijelodnevni boravak. Pored programa redovne nastave, u školi se aktualiziraju i mnogobrojni vannastavni sadržaji. Zadaci i programski sadržaji vannastavnih aktivnosti utvrđeni su Godišnjim programom rada škole, a ostvaruju se kroz sekcije i klubove. U slobodno vrijeme učenicima su na raspolaganju moderan multimedijalni prostor, dobro opremljen informatički centar s internet konekcijom, kao i sportski tereni.

Nastavni plan i program MONKS Tuzlanskog kantona

Nastava se izvodi prema nastavnom planu i programu koji je odobrilo Ministarstvo obrazovanja, nauke, kulture i sporta Tuzlanskog kantona. U svakom odjeljenju ima oko 20 učenika, te je omogućen maksimalan individualni rad s učenicima.

Richmond Park International Schools Tuzla su odveć sastavni dio bosanskohercegovačke stvarnosti. Obaveza osnivača škole jeste kontinuirani rad i poduzimanje mjera u modernizaciji obrazovnog sistema, komunikacije, i uvođenje novih evropskih obrazovnih trendova.

Škole se odlikuju...

Sigurno školsko okruženje

Naše škole (Richmond Park International Schools Tuzla) nude sigurnost, što opravdava njihovo postojanje te privlače pažnju učenika i roditelja. Školska atmosfera odražava prijateljsko i cijelovito okruženje, koje potiče kreativno izražavanje i želju za znanjem. Roditelji su uključeni u život škole, imaju jasnu sliku o kontinuitetu obrazovnog procesa i školskog kurikuluma.

Školska atmosfera

Cjelodnevni boravak u školi omogućuje učeniku da ostvari svoje ideje, ispolji analitičke sposobnosti, da logički zaključuje, te stekne sposobnost izražavanja misli u pisanom i govornom obliku.

Naše učenike posmatramo kao pojedince s vlastitim stavovima, osobinama, i stilovima učenja, a to je i ključ za uspješnu edukativnu strategiju.

Najbolje mjesto za učenje

Učenicima Richmond Park International Schools Tuzla na raspolaganju su nastavnici i profesori tokom cjelodnevnog boravka. Oni se izrazito zalažu za svakog učenika, a rezultat svega toga ogleda se u učeničkom entuzijazmu, te neugasivoj želji za učenjem i postizanjem što boljih rezultata.

Saradnja roditelja i škole

Prepoznavši važnost zajedničkog rada, Richmond Park International Schools Tuzla stavile su poseban naglasak na saradnju roditelja i škole. Nastavnici prakticiraju kućne posjete roditeljima, te se na taj način učvršćuje veza između porodice, učenika i nastavnika.

Uključivanje roditelja na različite načine u život obrazovno-vaspitne ustanove pomaže da oni razumiju način na koji ona funkcioniра, njezinu strukturu i organizaciju te podstiče razvoj kompetencija za saradnju. Učenici, nastavnici i roditelji pokazuju želju za visokim stepenom saradnje, što rezultira velikim uspjesima učenika.

Bogat vannastavni sadržaj

Sastavni dio odgojno-obrazovne strukture škole su i različite vannastavne aktivnosti: radionice, ljetne i zimske škole, klubovi, u kojima učenici pohađaju programe prema svojim posebnim područjima talentiranosti i sklonosti.

Te su aktivnosti sadržajne i mnogobrojne, a odvijaju se pod stalnim nadzorom i brigom nastavnika i vaspitača.

Slobodno vrijeme pruža velike mogućnosti za kulturni i stvaralački razvoj ličnosti. Funkcije koje se vežu uz slobodno vrijeme su odmor, razonoda i osobni razvoj... Stoga, učenici slobodno vrijeme

mogu provoditi u kantini, restoranu, kino sali, prostoriji za učenje, multimedijalnom prostoru, sportskim terenima za fudbal i košarku.

Dodatna nastava

Dodatna nastava se realizira kroz vannastavne aktivnosti, i ima za cilj da podstakne usavršavanje znanja učenika u skladu sa njihovim interesovanjima, kao i da im pruži dodatna znanja i obuke koji će im biti važni za dalji proces školovanja, života i rada.

Izleti

Škole organiziraju ekskurzije i posjete u kulturnoškom i turističkom smislu (posjete muzejima, historijskim mjestima, različitim manifestacijama i sajmovima). U školi se održavaju naučni kvizovi, vježbe, eksperimenti i demonstracije, kao i sportska takmičenja. Sve to skupa doprinosi da učenici nauče raditi u timu, i tako razvijaju i jačaju svoje intelektualne sposobnosti.

Sekcije

Programske aktivnosti su primjerene uzrastu, mogućnostima, interesovanjima i potrebama djece:

Likovna sekcija,

IT sekcija,

Matematička sekcija,

Literarno – jezička sekcija,

Sportska sekcija,

Dramsko - muzička sekcija,

Ekološka sekcija.

Jedinstven model obrazovanja...

Visoko motivirani i iskusni nastavnici

Misija naših škola ogleda se u pripremi učenika da samostalno razmišljaju, uče tokom života, te da budu sretni, zdravi, produktivni članovi društva. Tu je uloga nastavnika neprocjenjiva.

Oni su organizatori i voditelji nastavnog procesa, koordinatori, mentori, motivatori, ravnopravni saradnici i dr. Njihova primarna uloga je da učenicima budu od pomoći u razvoju svih njihovih fizičkih i psihičkih potencijala, te da im pomognu u dostizanju individualnog maksimuma.

Stjecali su znanja širom svijeta i učenicima pružaju kvalitetno obrazovanje.

Ovakvo opredjeljenje motivirano je za stjecanje znanja, što omogućava lakši prohod na sljedeći stepen obrazovanja i obezbeđuje radno mjesto za 21. vijek.

Sigurno okruženje za uspjeh

Sistem Richmond Park International Schools Tuzla kroz obrazovanje i program osnovnih mjera zaštite, ocijenjen je kao jedan od najsigurnijih školskih sistema u zemlji. Škole pružaju sigurno okruženje, prijateljsku i zdravu radnu atmosferu, potiču kod učenika kreativno izražavanje, želju za znanjem. Učenici trebaju biti odgovorni i gajiti poštovanje prema svim pozitivnim vrijednostima.

Informatizacija obrazovnog sistema...

SchoolMind - elektronski dnevnik

Richmond Park International Schools Tuzla su prve i jedine škole na području Tuzlanskog kantona koje su implementirale i počele s korištenjem aplikacije elektronskog dnevnika. SchoolMind elektronski dnevnik je online aplikacija za vođenje razredne knjige u elektronskom obliku i koja je prilagođena obrazovnom sistemu osnovnih i srednjih škola u Federaciji BiH. Aplikacija ima sve funkcionalnosti postojeće razredne knjige. Tako su razrednicima, nastavnicima i direktorima dostupni razni izvještaji o ocjenama i izostancima, mogućnost upozoravanja razrednika o učenicima

koji imaju veliki broj negativnih ocjena ili izostanaka te mogućnost upozoravanja direktora na zaostatke u izvođenju predviđenih nastavnih planova i programa.

Roditelji mogu provjeriti ocjene i izostanke na dva načina:

preko školske web - stranice

slanjem SMS – poruke

Nastavna sredstva i pomagala

U školi su osigurani uvjeti koji olakšavaju rad s učenicima. Kabineti za hemiju, biologiju i fiziku su opremljeni kompletnim priborom i sredstvima za izvođenje vježbi i demonstracija.

Svaka je učionica multimedijalnog tipa i sadrži:

smartboard (pametnu tablu) i LCD TV,

projektor i kabinetski računar.

Video nadzor

Škola posjeduje video nadzor koji omogućava kontrolu ulaska i izlaska iz školske zgrade, prati događanja u i oko škole, a naročito za vrijeme odmora i pauza.

Wi-Fi - bežični internet

Živimo u eri informatike i moderne komunikacione tehnologije, samim tim upotreba mobilnih telefona i tableta biva svakodnevna. U zgradama škole je postavljena wi-fi oprema za pružanje bežičnog interneta. Učenici slobodno mogu koristiti bežični internet, u skladu s pravilima o njegovom korištenju.

SATNICA TAKMIČENJA

9:00-9:45 – registracija učesnika

9:45 – 9:55 – ceremonija otvaranja takmičenja

10:00-12:00 – izrada testa

12:00-14:00 – pregledanje i ocjenjivanje testova (komisija za ispravljanje testova)

14:00-14:30 – rok za žalbe (arbitražna komisija)

14:30 – konačni rezultati i dodjela diploma i zahvalnica

REZULTATI KANTONALNOG TAKMIČENJA IZ ENGLESKOG JEZIKA ZA UČENIKE OSNOVNIH ŠKOLA

It was then that I made the (10) _____ (DECIDE) never to take Alex out again.

READING

Read the text and choose the correct answer

Guinness World Records, (also known until 2000 as The Guinness Book of Records) is a reference book published annually, containing a collection of world records, of both humans and nature. The book itself holds a world record, as the best-selling book series of all time. It is also one of the most frequently stolen books from public libraries in the United States. On May 4th, 1951, Sir Hugh Beaver, a manager of a beer company called Guinness Breweries, went on a hunting trip with some friends in Ireland. He got into an argument about whether the koshin golden plover or the grouse was the fastest bird in Europe. That evening, he realized that it was impossible to find the answer in any books. Beaver knew that there must be many other similar arguments but there was no book in the world which had the answer. He realized that a book with the answers to these types of questions could be popular.

Sir Beaver paid two brothers to research and print the facts in a book called 'The Guinness Book of Records'. The company gave out 1,000 of the books for free. The first 197-page edition became a bestseller in Britain by Christmas in 1955. The following year *it* was released in the U.S., and it sold 70,000 copies.

Because the book became a surprise hit, Guinness eventually printed a new version of it in October of every year. Guinness World Records' headquarters is in London but *it* also has offices in New York City and Tokyo. There is also a Guinness World Records Museum in Orlando, Florida.

There are traditional records for competitions such as weightlifting or the longest time spent playing video games. Guinness World Records used to publish records for smoking, drinking alcohol, and eating but they have stopped because they are afraid that this is unhealthy for people. Guinness World Records also publishes facts such as the highest paid actor (Johnny Depp), fastest jump rope (Megumi Suzuki), and the smallest country in the world (Sealand). Many records are also about the youngest person to do something. There is also a record for the person holds the most records such as Ashrita Furman of New York, who held 100 records in 2009.

In 2005, Guinness declared November 9th as 'International Guinness World Records Day' to encourage breaking of world records. It was described as very successful. The 2006 version was called "the world's biggest international event," with an estimated 100,000 people participating in over 10 countries. The top 100 Guinness World Records are available on their website.

True or false

- 1 The book is the bestselling book series of all times
- 2 The company didn't give any books for free
- 3 In 1956, the book was sold in US in more than 100000 copies
- 4 It still publishes records for smoking, drinking or eating
- 5 There are no records for the smallest country
- 6 Sir Beaver printed the first book himself

Choose the best option:

- 7 Book is printed:
a) Every 3 months b) every year c) every two years d) when they gather data
- 8 The first book was published in
a) 1955 b) 1956 c) 1951
- 9 The headquarters is in
a) New York b) London c) Tokio d) Orlando
- 10 International Guinness World Record Day is declared to:
a) Earn more money b) inspire people to break records c) have a celebration
d) publish the book on that day

ADDITIONAL TASKS
